RD27-120 ROLLER

Material number 5000620396

2.5 Ton, 47.2 inch wide double-drum ride-on vibratory roller for compaction of asphalt and subbase soils.

Product details

- Dual drum drive with one or two vibrating drums
- High or low compaction force selection to meet conditions and applications
- Ergonomically designed operator's station and tapered frame design provide excellent visibility
- Operator's platform has heavy-duty shockmounts to reduce whole body vibration (WBV)
- Pressurized water system with three-stage filter
- Multi-function control lever for simple operation
- Detailed control panel provides overview of all functions
- Tool-free water system and easy to access maintenance points

Comes with

- RD27 Roller
- Operator's Manual and Parts Book

Please Note

This product availability can vary from country to country. It is possible that information / products may not be available in your country. More detailed information on engine power can be found in the operator's manual; the started power may vary due to specific operating conditions. Subject to alterations and errors expected.
